

78%

WAVIN EKOPLASTIK, KOSTELEC N. L., CZE

For the company WAVIN Ekoplastik s.r.o., a major manufacturer of plastic parts for the building industry, we have realized replacement of existing non-conforming fluorescent and discharge lamps for new modern LED luminaires under continuous operation and without its limitation. Replacement of luminaires was realized even in difficult-to-reach places over large-scale production technology. Everything was

delivered in time, in perfect quality and full of customer requirements. Customer's total operating costs were reduced by 78%.
