OROTEX INDUSTRIAL, AGUASCALIENTES, MEX

For OROTEX INDUSTRIAL, a manufacturer of sound insulation and reinforcing products, we have supplied a turnkey lighting solution for office, production and storage areas in a newly renovated hall. Thanks to ARGIA SMART LIGHTING SOLUTION, the illumination of all working areas has been significantly improved. The delivery also included the INFIDIO control system with motion and Daylight sensors, which allows the customer

to save an additional 25% of electricity costs. By combining LED luminaires and the INFIDIO control system, the customer saves up to 63% of the operating costs of lighting by significantly increasing all light levels and meeting normative quality requirements.

	Original installation	ARGIA lighting solution
Type of luminary	Fluorescent luminaires T5	PANEL LED, INLENE 3
Number of luminaires	296 units	294 units
Total Input	34,60 kW	21,71 kW
