

65%

ADIANT STAMPING, RAMOZ ARISPE, MEXICO

For the world leader of passenger car seats, ADIENT, we have carried out the dismantling of current fluorescent luminaires and installation of new modern dimmable LED luminaires in the production hall. The turnkey installation was realized in continuous operation and without it's interruption. The luminaires are managed by a wireless automatic control system. Everything was delivered on time, in perfect quality and fully in accordance with

the customer's specifications. Thanks to the automatic control system the customer's total operating costs were reduced by 65% at a high light level of 500 lux.
