

59%

BRP, QUERÉTARO, MEX

For BRP, the world manufacturer of snowmobiles, all-terrain vehicles, motorcycles, and personal watercraft, we have replaced the lighting in a production hall, warehouse and offices. The project included the dismantling of inconvenient fluorescent luminaires and the installation of over 2,000 new LED luminaires without interrupting continuous operation. Thanks to ARGIA solution, the customer has achieved an operating cost savings of 59%

with a significant increase in the lighting in the all workspaces. Everything was delivered on time and in perfect quality. This solution saves equals 1,044,597 kg of CO2.

	Original installation	ARGIA lighting solution
Type of luminary	Fluorescent T5, T8 luminaires	ZUMTOBEL + THORN
Number of luminaires	2 221 units	2 198 units
Total Input	570,79 kW	314,54 kW
