ELECTRICITY SAVINGS:  
1,177,673 kWh

	Original installation	ARGIA lighting solution
Type of luminary	Fluorescent lamps T5 6 × 54 W	<b>LEDIKO INLENE SERIES and INDUSTRY LINE AL</b>
Number of luminaires	525 units	<b>415 units</b>
Total Input	181 kW	<b>56 kW</b>
Consumption kWh/year	1,586,655 kWh	<b>408,983 kWh</b>
Project result	<b>Total operating costs reduced by 74% and the level of illumination significantly increased.</b>	
Return on investment	<b>2.9 years</b>	

A complete replacement of luminaires was implemented in the main assembly hall of HYSTER-YALE. The installation took place without major restrictions for the running operation and everything was delivered according to the

specifications of our client. All the original luminaires were dismantled and replaced with new modern ARGIA LED lights. The project resulted in energy saving of more than 74% and a significant improvement in working conditions.
