ELECTRICITY SAVINGS:
58,706 kWh

	Original installation	ARGIA lighting solution
Type of luminary	Fluorescent lamps 3×36 W and 3×58 W	INDUSTRY LINE AL SERIES
Number of luminaires	114 units	75 units
Total input	18.09 kW	3.53 kW
Consumption kWh/year	72,939 kWh	14,233 kWh
Project result	Total operating costs reduced by 80% while improving the quality of general lighting and direct light for production machines.	
Return on investment	1,5 years	

For manufacturer of machine parts company KBNK we realized disassembly of existing fluorescent luminaires and assembly new LED luminaires in two production halls. The installation was done according to individual

customer requirements directly incurred during the installation of luminaires on the current carrying ropes. It was also installed **individually switched lighting for production machines.**
