Project result	Customer's total operating costs reduced by 75% while significant improvement of the illumination level and adding illumination of another areas.	
Warranty	10 years	

For KUEHNE & NAGEL, a leading warehousing and logistic company in Mexico from 2018 to 2020 we realized the replacement of obsolete industrial and off ice lighting in industrial and logistic centers in Guadalajara a Monterrey in the industrial park Prologis. There were 3 halls with a total area of over 28,200 m². The new modern LED

luminaires are equipped with combined motion and lumiance sensors that control each luminaire separately. By installing new modern LED luminaires with combined motion and brightness sensors, the customer saves more than 75% of electricity.
