Consumption kWh/year	1,492,960 kWh	<b>318,339 kWh</b>
Project result	<b>Customer's total operating costs reduced by 79%.</b>	
Return on investment	<b>within 2 years</b>	

We installed complete artificial and emergency lighting on the warehousing and production premises of the new warehouse of investor Accolade within the Panattoni Park Cheb compound. The LED track lighting system

is regulated based on the contribution of daylight and brings the customer above-standard savings and user convenience. The tenant of the facility is TCHIBO.
